4. Click the **Download** button, and then open the **Downloads** folder on your pc.

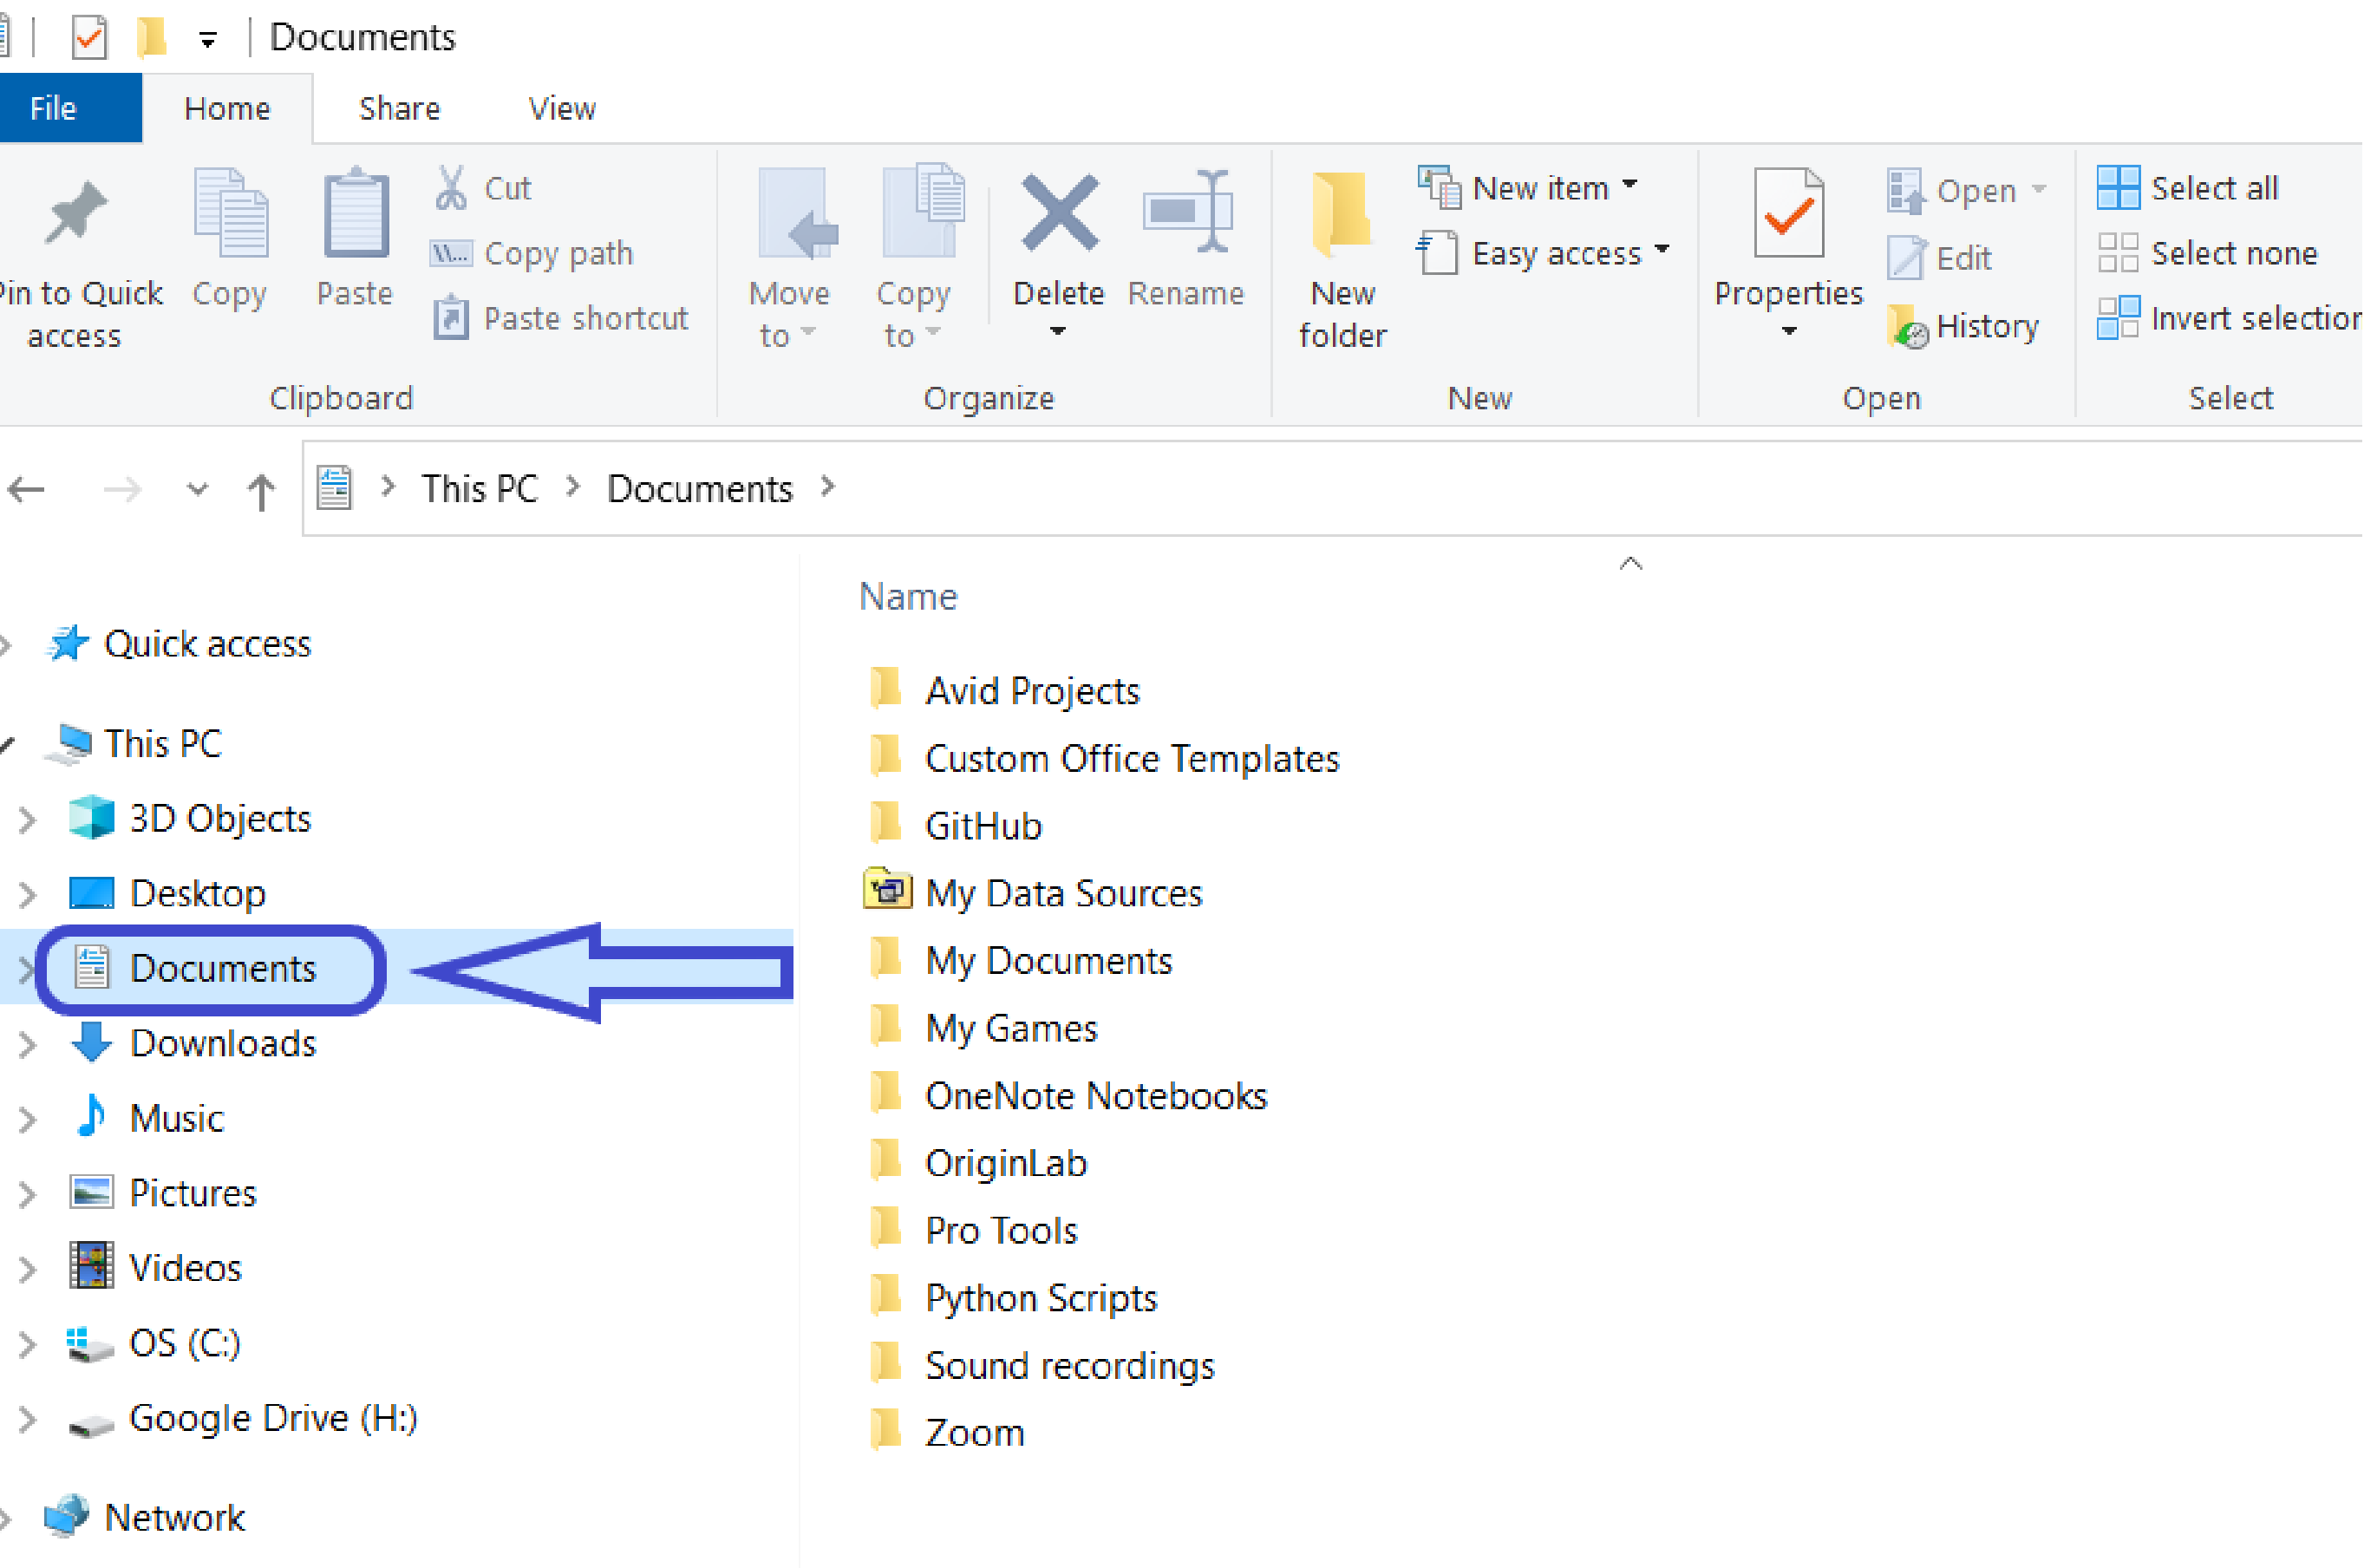

5. Once the download has been completed, you will see the WeTransfer file inside the Downloads folder of your pc.

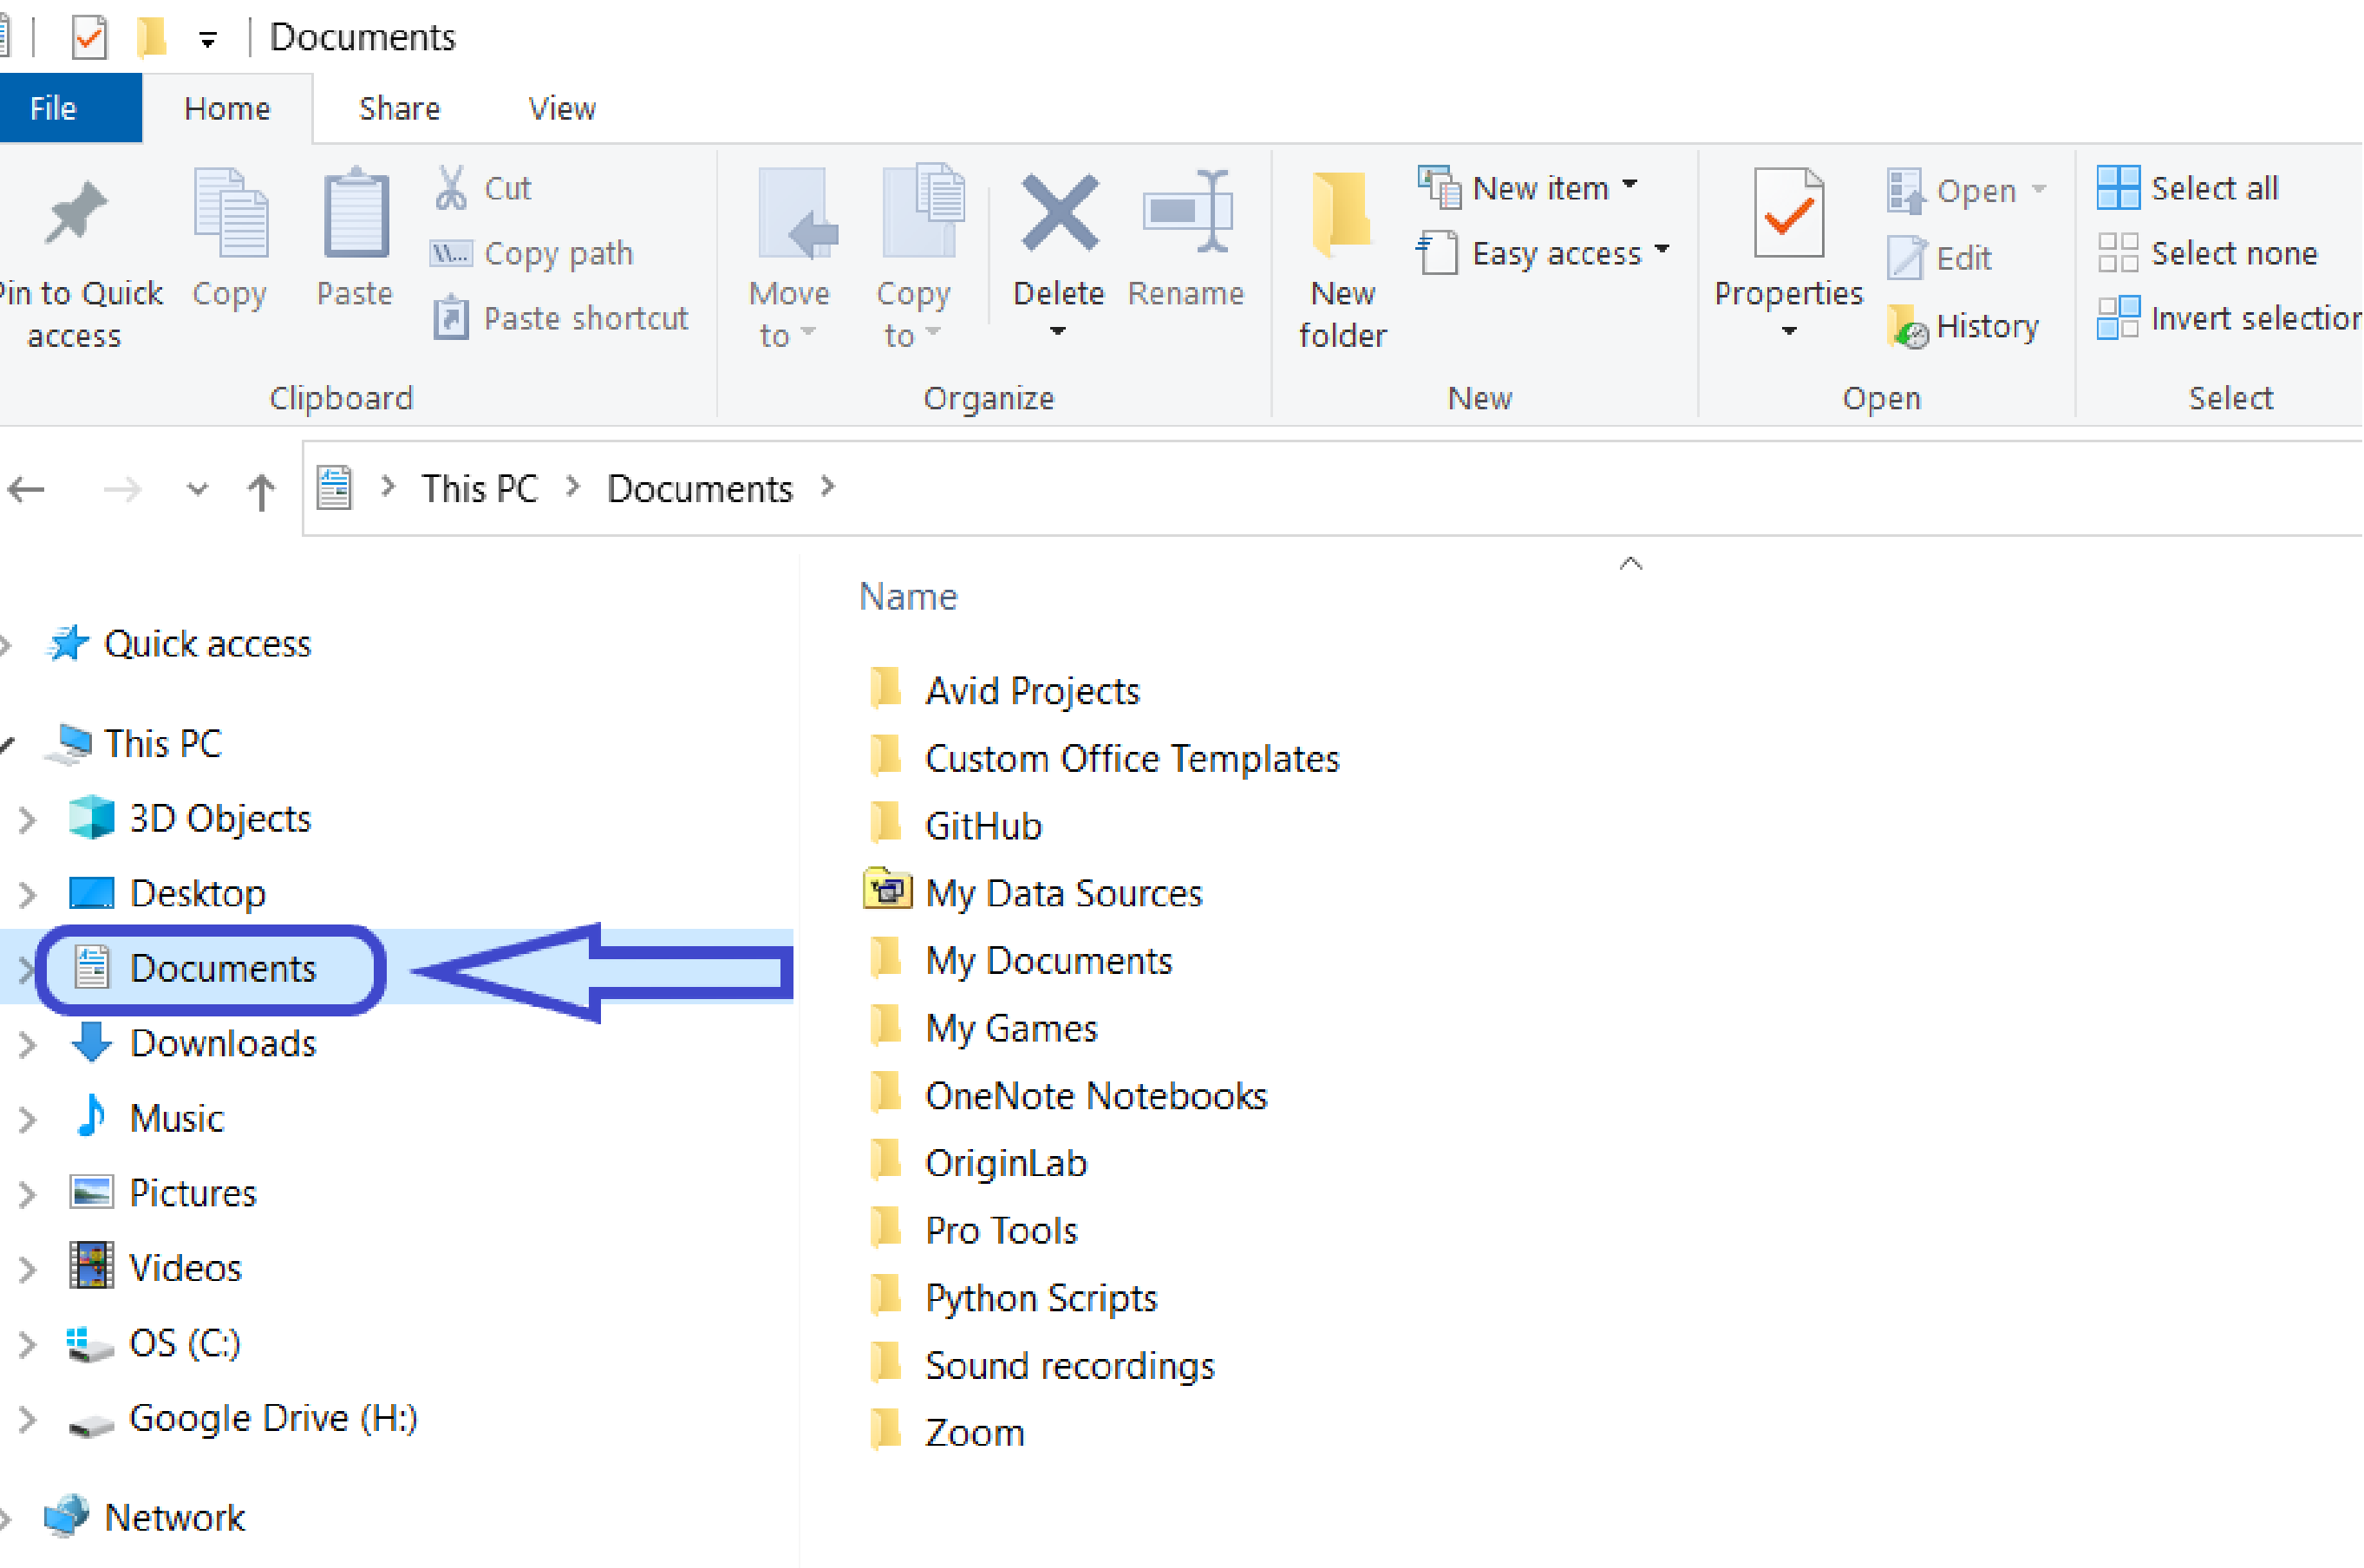

6. Inside the WeTransfer file you will find the folder downloaded, called 0 PPStartup.

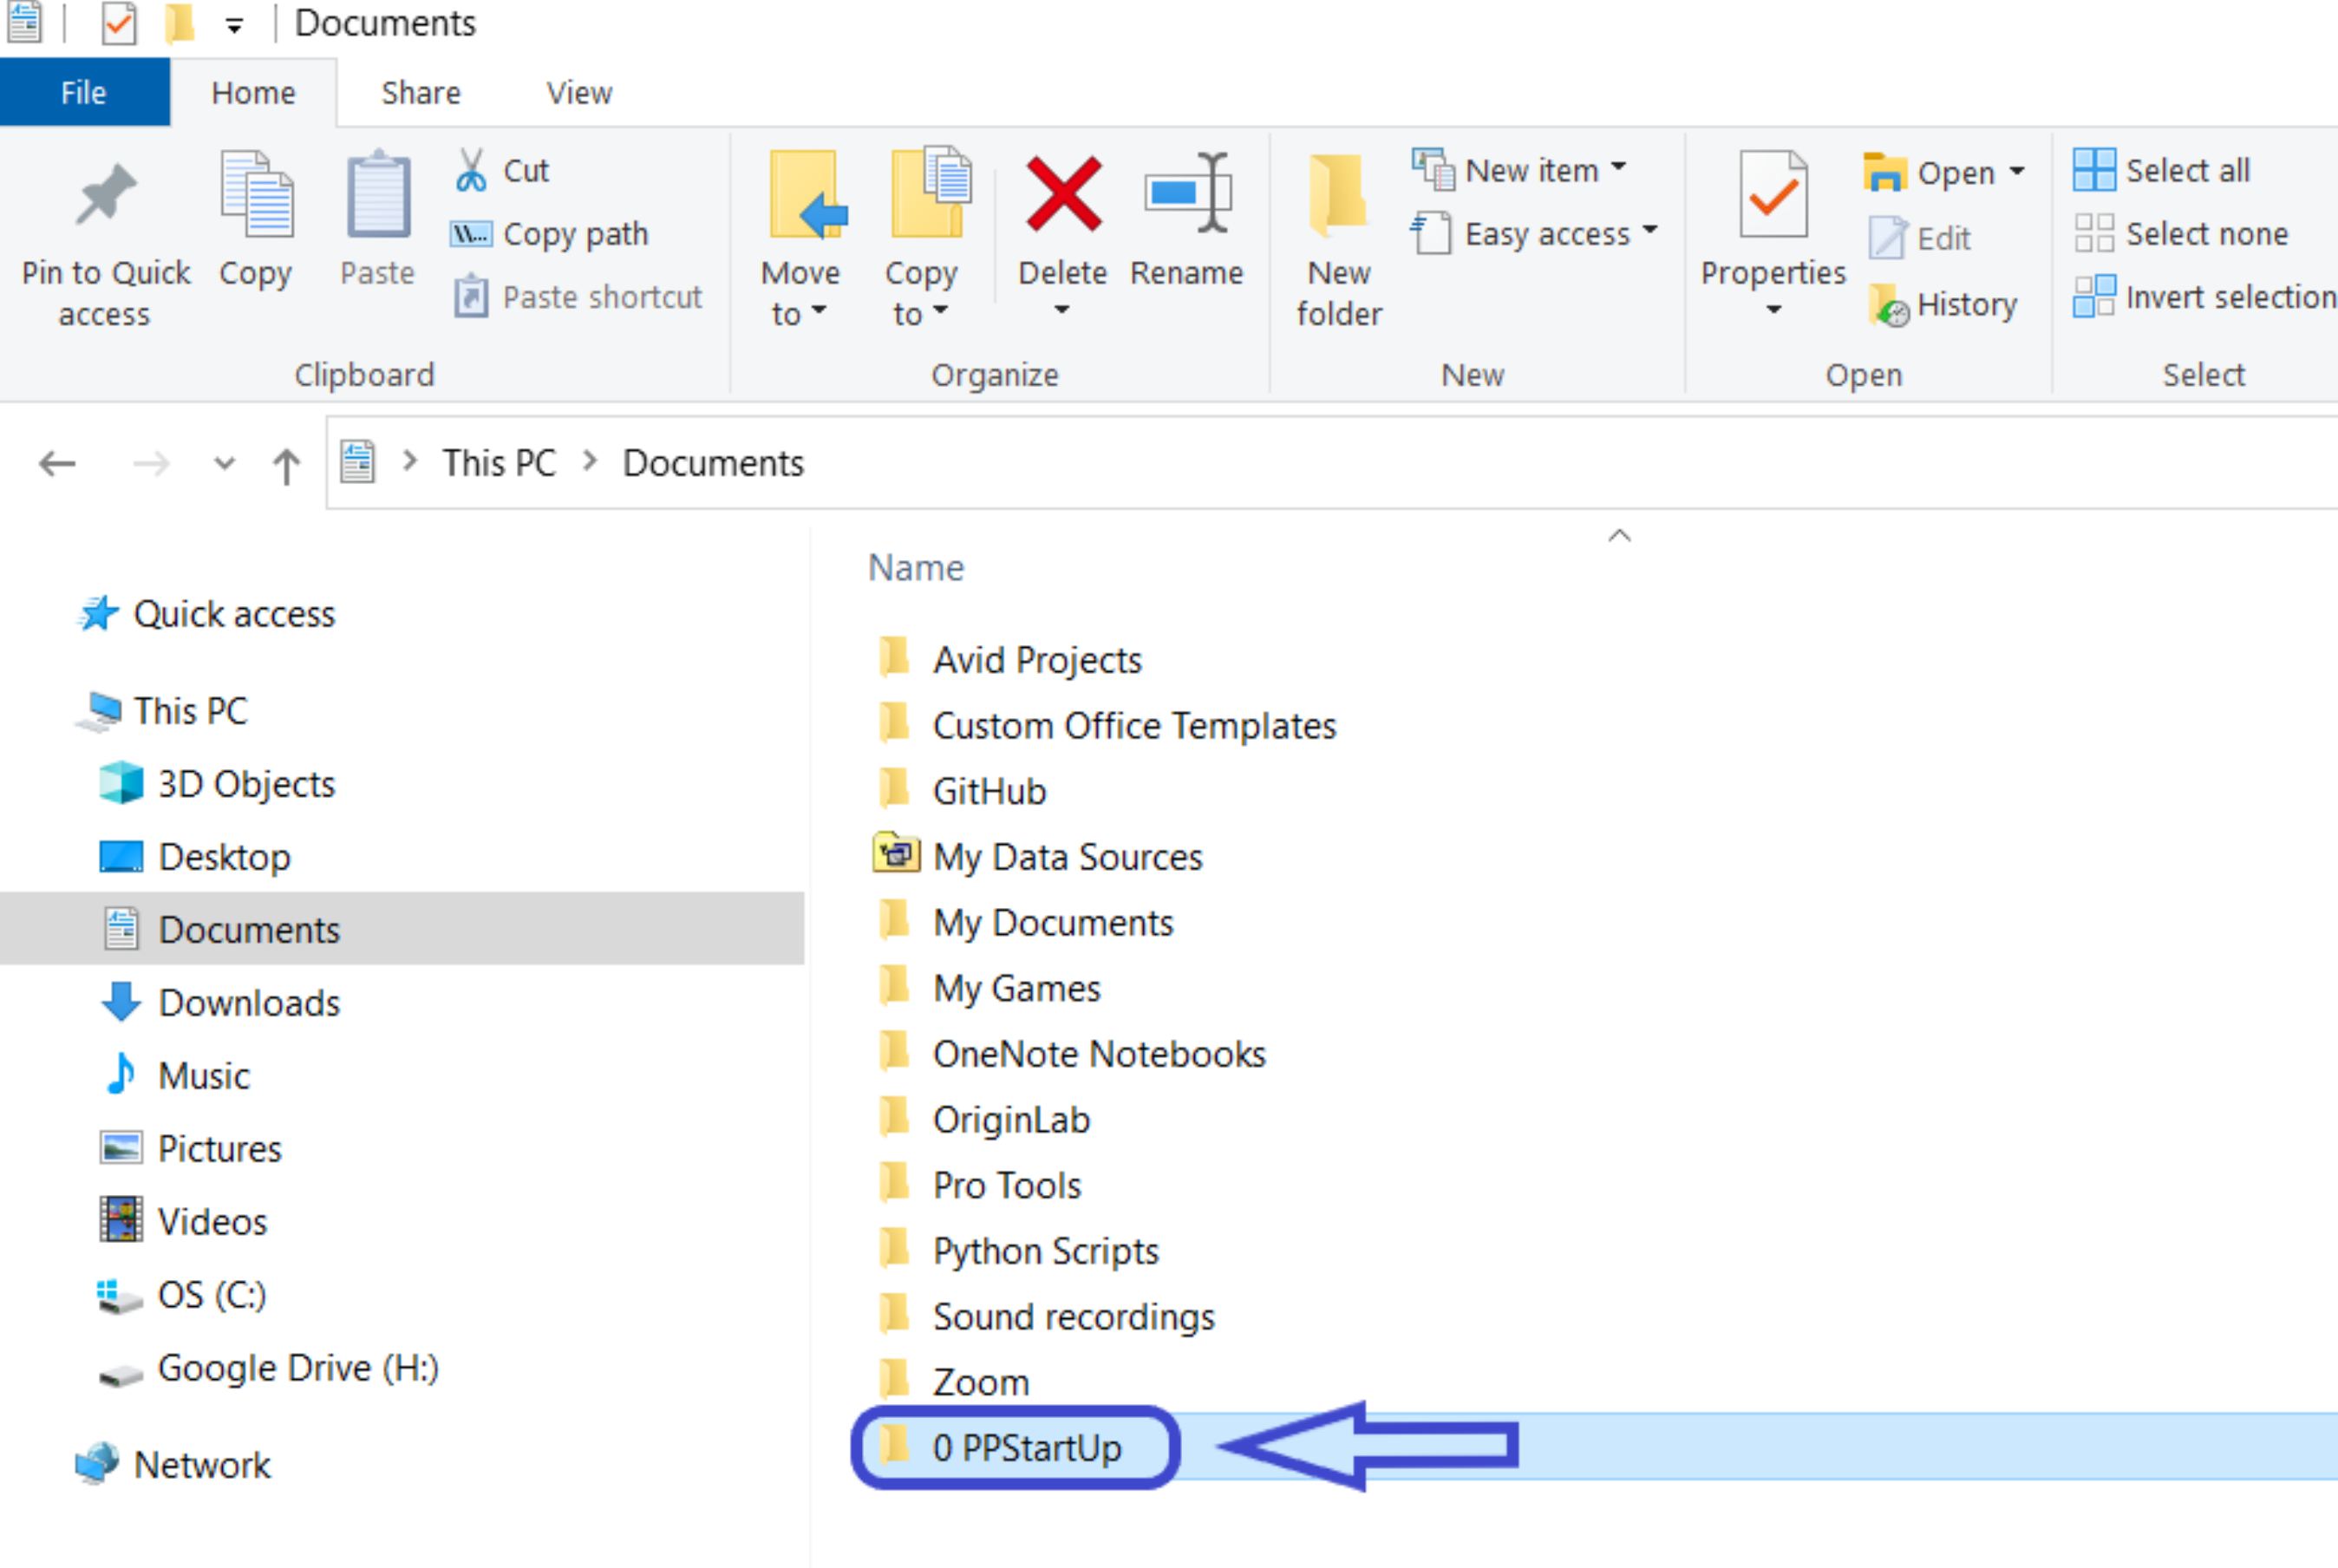

7. Right-click on the 0 PPStartUp folder, and select the Cut option (short cut, Ctrl X).

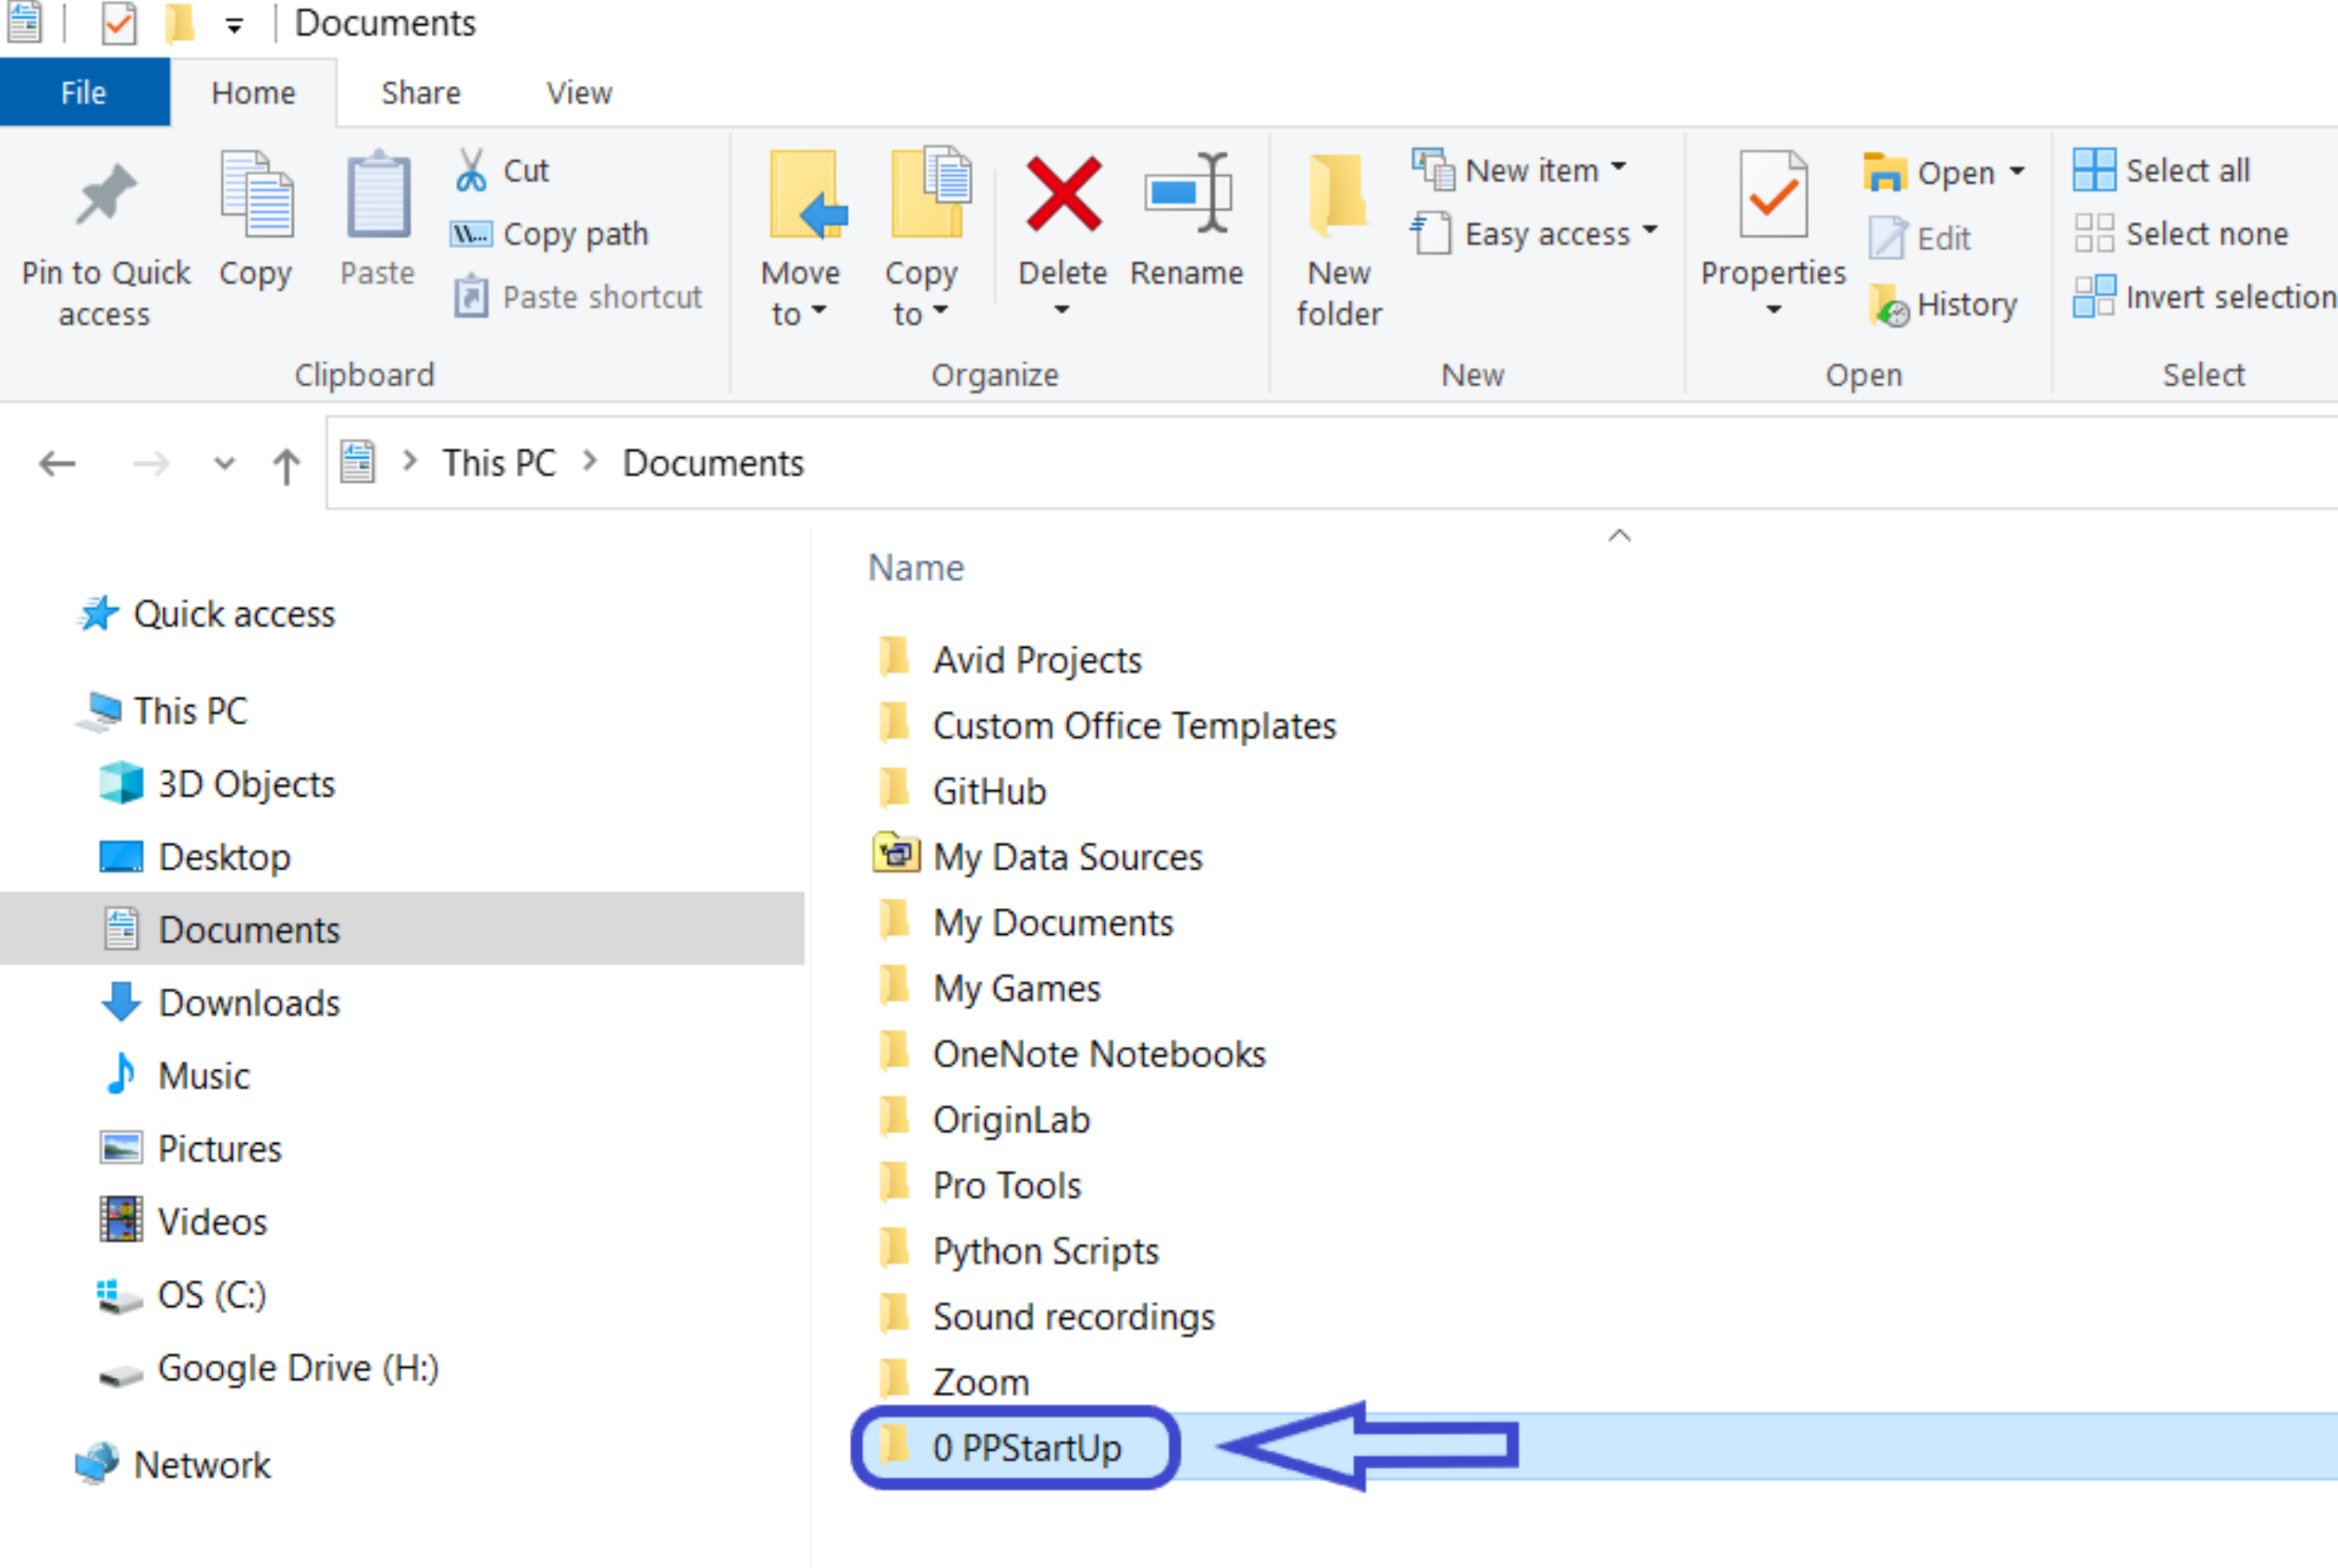

8. Select the **Documents** folder as shown.

9. Select the **Documents** folder as shown. **Right-click** and select the **Paste** option.

10. It is **VERY IMPORTANT** that you **Paste** the **@ PPStartUp** folder in the **Documents** folder of your PC. Any other folder, and the programme will not work.

11. Once the 0 PPStartup folder has been Pasted, open the folder. Inside you will find another folder - PPS Files, open it as well.
